Cengage Advantage Books: Ways to the Center: An Introduction to World Religions Dec 23 2019 Striving to be the most student-friendly textbook in this field, WAYS TO THE CENTER: AN INTRODUCTION TO WORLD RELIGIONS, Seventh Edition, weaves together rich historical, cultural, and theological detail into structural and philosophical sections that analyze each of the world's major religions in terms of its views on nature, society, self, and ultimate reality. The readily accessible text is designed for today's students and places a premium on the development of critical thinking. Combining both historical and systematic analyses, the book takes as its focus the theme of personal centeredness--a primary goal of each featured religion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Mormon Mirage Oct 13 2021 In the first edition of The Mormon Mirage, Latayne C. Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies, inconsistencies, and contradictions in the faith she had loved and lived. Thirty years later, Mormonism and Mormon scholarship have evolved with the times. In this third, revised and updated edition of her well-known book, Scott keeps pace with changes and advances in Mormonism, and reveals formidable new challenges to its claims and teachings. The Mormon Mirage provides fascinating, carefully documented insights into • DNA research's withering implications for the Book of Mormon • the impact of new "revelations" on Latter-day Saint (LDS) race relations • new findings about Mormon history • increasing publicity about LDS splinter groups, particularly polygamous ones • recent disavowals of long-held doctrines by church leadership • the rise of Mormon apologetics on the Internet More than a riveting, insider's scrutiny of the Mormon faith, this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ.

The Book of Mormon Nov 02 2020 Regarded as sacred scripture by millions, the Book of Mormon -- first published in 1830 -- is one of the most significant documents in American religious history. This new reader-friendly version reformats the complete, unchanged 1920 text in the manner of modern translations of the Bible, with paragraphs, quotations marks, poetic forms, topical headings, multichapter headings, indentation of quoted documents, italicized reworkings of biblical prophecies, and minimized verse numbers. It also features a hypothetical map based on internal references, an essay on Book of Mormon poetry, a full glossary of names, genealogical charts, a basic bibliography of Mormon and non-Mormon scholarship, a chronology of the translation, eyewitness accounts of the gold plates, and information regarding the

lost 116 pages and significant changes in the text. The Book of Mormon claims to be the product of three historical interactions: the writings of the original ancient American authors, the editing of the fourth-century prophet Mormon, and the translation of Joseph Smith. The editorial aids and footnotes in this edition integrate all three perspectives and provide readers with a clear guide through this complicated text. New readers will find the story accessible and intelligible; Mormons will gain fresh insights from familiar verses seen in a broader narrative context. This is the first time the Book of Mormon has been published with quotation marks, select variant readings, and the testimonies of women involved in the translation process. It is also the first return to a paragraphed format since versification was added in 1879.

*"This Is My Doctrine": The Development of Mormon Theology* May 20 2022 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s. This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose. Early Mormons, like their early Christian and even earlier Israelite predecessors, brought with them their own varied culturally conditioned theological presuppositions (a process of convergence) and only later acquired a more distinctive theological outlook (a process of differentiation). In this first-of-its-kind comprehensive treatment of the development of Mormon theology, Charles Harrell traces the history of Latter-day Saint doctrines from the times of the Old Testament to the present. He describes how Mormonism has carried on the tradition of the biblical authors, early Christians, and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures. In the process, he probes three questions: How did Mormon doctrines develop? What are the scriptural underpinnings of these doctrines? And what do critical scholars make of these same scriptures? In this enlightening study, Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology. *"This Is My Doctrine"* will provide those already versed in Mormonism's theological tradition with a new and richer perspective of Mormon theology. Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions.

*The Primitive Expounder* Nov 21 2019

*Mormonism Will It Stand the Test?* Dec 03 2020

*Interpreter: A Journal of Mormon Scripture, Volume 10* (2014) Feb 17 2022 This is volume 10 (2014) of *Interpreter: A Journal of Mormon Scripture* published by The Interpreter Foundation. It contains articles on a variety of topics including some notes on faith and reason, dating Christ's birth, Mary Whitmer's witness of the gold plates, the LDS Church's polygamous past, dissenters, Book of Mormon anachronisms, the comma in the Word of Wisdom, Enos's adaptations of the onomastic wordplay of Genesis, Mormonism and intellectual freedom, differing investigative approaches of Jeremy Runnells and Jeff Lindsay, a theological poem in the Book of Mormon, and reading the scriptures geographically.

*Handbook of New Religions and Cultural Production* Mar 18 2022 This volume fills a lacuna in the academic assessment of new religions by investigating their cultural products (such as music, architecture, food et cetera). Contributions explore the manifold ways in which new religions have contributed to humanity's creative output.

*Another Gospel* Feb 23 2020 Ruth A. Tucker's book is a comprehensive survey of all the major alternative religions in the United States, including the new groups since the 1960s.

*Saints' Herald* Aug 11 2021 The family magazine of the Reorganized Church of Jesus Christ of Latter-Day Saints.

*The Religious, Social, & Political History of the Mormons* Mar 06 2021

*Race and the Making of the Mormon People* Oct 01 2020 The nineteenth-century history of the Church of Jesus Christ of Latter-day Saints, Max Perry Mueller argues, illuminates the role that religion played in forming the notion of three "original" American races—red, black, and white—for Mormons and others in the early American Republic. Recovering the voices of a handful of black and Native American Mormons who resolutely wrote themselves into the Mormon archive, Mueller threads together historical experience and Mormon scriptural interpretations. He finds that the Book of Mormon is key to understanding how early followers

reflected but also departed from antebellum conceptions of race as biblically and biologically predetermined. Mormon theology and policy both challenged and reaffirmed the essentialist nature of the racialized American experience. The Book of Mormon presented its believers with a radical worldview, proclaiming that all schisms within the human family were anathematic to God's design. That said, church founders were not racial egalitarians. They promoted whiteness as an aspirational racial identity that nonwhites could achieve through conversion to Mormonism. Mueller also shows how, on a broader level, scripture and history may become mutually constituted. For the Mormons, that process shaped a religious movement in perpetual tension between its racist and universalist impulses during an era before the concept of race was secularized.

*Women, Family, and Utopia* Mar 26 2020 An examination of women's roles, family relationships, and sexuality in three unorthodox 19th-century communal experiments, with analysis of the implications such systems may have for present-day Americans concerned with the sense of crisis in family life and sex roles.

*Mormons in American Politics* Apr 19 2022 This book provides a comprehensive explanation of how the Mormons have transformed from a hated and persecuted fringe group to a well-established world religion with viable candidates for all levels of American government. The Mormon tradition is unfamiliar and mysterious to most Americans outside of the religion, and understandably generates much curiosity. *Mormons in American Politics: From Persecution to Power* provides an intellectual foundation of Mormon development and emergence in politics, comprehensively examining significant issues and developments from historical, theological, cultural, and modern perspectives. The work analyzes diverse, contemporary topics including Mormons in popular culture, Mormon understandings of the Constitution, the Mormon welfare program, Mormon opposition to same-sex marriage, and the global expansion of Mormonism. The book is ideal for scholars and students of American politics, history, and culture; Mormon studies; religious studies; and religion and politics; as well as general readers who are interested in Mormon religion and culture or the rise of Mormon figures in mainstream American politics.

*In Sacred Loneliness* Aug 19 2019 Beginning in the 1830s, at least thirty-three women married Joseph Smith, the founder of Mormonism. These were passionate relationships which also had some longevity, except in cases such as that of two young sisters, one of whom was discovered by Joseph's first wife, Emma, in a locked bedroom with the prophet. Emma remained a steadfast opponent of polygamy throughout her life. The majority of Smith's wives were younger than he, and one-third were between fourteen and twenty years of age. Another third were already married, and some of the husbands served as witnesses at their own wife's polyandrous wedding. In addition, some of the wives hinted that they bore Smith children--most notably Sylvia Sessions's daughter Josephine--although the children carried their stepfather's surname. For all of Smith's wives, the experience of being secretly married was socially isolating, emotionally draining, and sexually frustrating. Despite the spiritual and temporal benefits, which they acknowledged, they found their faith tested to the limit of its endurance. After Smith's death in 1844, their lives became even more "lonely and desolate." One even joined a convent. The majority were appropriated by Smith's successors, based on the Old Testament law of the Levirate, and had children by them, though they considered these guardianships unsatisfying. Others stayed in the Midwest and remarried, while one moved to California. But all considered their lives unhappy, except for the joy they found in their children and grandchildren.

*Catalogue of a Valuable Collection of Books and Pamphlets Relating to America ...* Jan 04 2021  
*One Race One Blood (Revised & Updated)* Feb 05 2021 It is a rarely discussed fact of history that the premise of Darwinian evolution has been deeply rooted in the worst racist ideology since its inception. This significant book gives a thorough account of the effects of evolution on the history of the United States, including slavery and the Civil rights movement, and goes beyond to show the global harvest of death and tragedy that still finds its roots in Darwin's destructive writings. The tragic legacy of Darwin's controversial speculations on evolution has led to terrible consequences taken to the deadliest extremes. *One Race One Blood* reveals the origins of these horrors, as well as the truth revealed in Scripture that God created only one race. You will discover: • Nazi Germany used evolutionary concepts to justify the extermination of "unfit" people groups such as Jews, Gypsies, and Slavs • The origins of people groups, the genetics of skin color, and the biblical truths on "interracial" marriage • Eye-opening discussion on racism and its roots in the hearts and minds of millions still today. Within these compelling pages, Dr. A. Charles Ware, president of Crossroads Bible College, and Ken Ham, president of Answers in Genesis examine the

historical roots of racism that have permeated evolutionary thought, and the Bible's response to this disturbing issue. This is a crucial and timely study that profoundly addresses the Christian worldview regarding "race" from a compassionate and uniquely compelling perspective.

*Communicating Christ in a Religious World* Oct 25 2022 You hear a knock at your door, and you notice through the window two bicycles parked in your driveway. Two clean-cut young men who appear to be conservative salesman or Christian seminary students dressed in white shirts, ties, and dress slacks wait outside. They inform you that they are members of the Church of Jesus Christ of Latter-day Saints, the Mormons. What do you say? The fact is that religious people are everywhere from the next door neighbor to the person sitting next to you on the plane. They follow multiple systems of beliefs, and some of them have very different living practices. Not all belong to cults. Some come from common, acceptable religious systems, while others appear extreme. How do you talk to these people and share the message of Christ? How do you even begin to prepare when so many different groups teach so many different doctrines? This book will help you prepare for these conversations. It is not about the teachings of religious groups; plenty of other books outline those teachings. This book explains how to communicate to those in religious systems the love of Christ without a heated debate. You will find *Communicating Christ in a Religious World* to be a powerful tool which will prepare you to share biblical truth with religious people! John Rogers has been in ministry for over thirty years, spending eighteen of those years as a missionary in an area of Utah that was ninety-five percent Mormon. The only other two options available were a Jehovah's Witness Kingdom Hall and a Hare Krishna compound. John, the author of several published works, currently serves as a Regional Coordinator for Evangelical Baptist Missions, and he has traveled worldwide holding seminars on how to share Christ with religious people.

*American Bards* Jan 16 2022 "Edward Whitley's book maps James M. Whitfield, Eliza R. Snow, and John Rollin Ridge prominently onto nineteenth-century American poetic history as a group of poets seeking to become national bards not by embracing the traditional trappings of nationalism

*Mormon Feminism* Sep 24 2022 This collection gathers together the essential writings of the contemporary Mormon feminist movement--from its historic beginnings in the 1970s to its vibrant present, offering the best Mormon feminist thought and writing. The selections in this book --many gathered from out-of-print anthologies, magazines, and other ephemera--walk the reader through the history of Mormon feminism, from the second-wave feminism of the 1970s to contemporary debates over the ordination of women. Collecting essays, speeches, poems, and prose, *Mormon Feminism* presents the diverse voices of Mormon women as they challenge assumptions and stereotypes, push for progress and change in the contemporary LDS Church, and band together with other feminists of faith hoping to build a better world.

*The Mormon's Own Book* Jul 30 2020

*Fundamentalisms and Society* Apr 07 2021 This book, the second volume of the Fundamentalism Project, provides a systematic overview of the advances made by antiseccular religious movements over the past twenty-five years and shows the impact these movements have had on human relations, education, women's rights, and scientific research. The essays consider developments within the religious traditions of Islam, Judaism, Christianity, Buddhism, and Hinduism in over a dozen nations. What do individual fundamentalist movements regard as the foundations for and limits of knowledge? What do they understand the proper role of science to be? And how do their world views determine the application of technology? The distinguished contributors to this volume - anthropologists, historians of religion, historians of science, and sociologists - address these and other questions through a discussion of topics such as educational structures of Hindu revivalism, women in fundamentalist Iran and Pakistan, and the creationist cosmos of Protestant fundamentalism. In a concluding essay, William H. McNeill situates contemporary fundamentalisms within a world historical context. The Fundamentalism Project is a monumental undertaking by the American Academy of Arts and Sciences that involves an international group of scholars. Taken together, the volumes in this series will become a standard reference for educators and policy analysts for years to come.

*The Twilight Mystique* Jul 10 2021 The 13 essays in this volume explore Stephenie Meyer's wildly popular *Twilight* series in the contexts of literature, religion, fairy tales, film, and the gothic. Several examine Meyer's emphasis on abstinence, considering how, why, and if the author's Mormon faith has influenced the series' worldview. Others look at fan involvement in the *Twilight* world, focusing on how the series' avid following has led to an economic transformation in Forks, Washington, the real town where the fictional series is

set. Other topics include Meyer's use of Quileute shape-shifting legends, Twilight's literary heritage and its frequent references to classic works of literature, and the series' controversial depictions of femininity.

Mormonism 101 Jun 16 2019 Is Mormonism a Protestant denomination? This handbook details Mormon belief and reveals how it diverges significantly from Christian orthodoxy.

Mormonism Unveiled Nov 14 2021

Reasoning from the Scriptures with the Mormons Sep 12 2021 Have the Mormons ever left you unsure of what to say? Their arguments are convincing, their teachings seem indisputable, and their stand on what they believe is firm. How can you effectively communicate to the Mormons that their gospel does not match up with the Bible? One of the best ways is to ask penetrating questions. Cult experts Ron Rhodes and Marian Bodine will help you understand the main points of Mormonism and discover where it falls short of God's truth. They then equip you to ask strategic questions that challenge... the Mormon claim to be the only true church the reliability of Mormon prophets the authenticity of the Book of Mormon Jesus' supposed visit to ancient America the Mormon view of God, Jesus, and the Holy Spirit and much more You'll find Reasoning from the Scriptures with the Mormons a valuable guide to responding to Mormons with confidence!

Joseph Smith and the Origins of The Book of Mormon, 2d ed. Apr 26 2020 Just as a growing interest in millennialism at the turn of this century has rejuvenated religious debate and questions concerning the fate of the world, so did Mormonism develop from millennial enthusiasm early in the nineteenth century. Joseph Smith, the founder of Mormonism, and a provocative, even controversial figure in history, declared that he had been given the authority to restore the true church in the latter days. The primary source of Smith's latter-day revelation is The Book of Mormon, and to fully understand his role as the founder of the Mormon faith, one must also understand The Book of Mormon and how it came to be.

Unfortunately, the literature about Joseph Smith and The Book of Mormon is permeated with contradiction and controversy. In the first edition of this impressive work, David Persuitte provided a significant amount of revealing biographical information about Smith that resolved many of the controversies concerning his character. He also presented an extensive comparative analysis positing that the probable conceptual source for The Book of Mormon was a book entitled View of the Hebrews; or the Tribes of Israel in America, which was written by an early New England minister named Ethan Smith. Now in an expanded and revised second edition incorporating many new findings relating to the origin of The Book of Mormon, Mr. Persuitte's book continues to shed much new light on the path Joseph Smith took toward founding the Church of Jesus Christ of Latter-day Saints.

The Mormon Delusion: Volume 3. Discarded Doctrines and Nonsense Revelations Dec 15 2021 This is the third in a series of books exposing the truth behind Mormonism. In this volume, we review doctrines that have been discarded. To early Mormons, Adam was God and blood atonement was a stark reality. These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets. Today, the Church denies they even existed. The origin of the Mormon temple ceremony is established and explained. An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual, claiming they were restored from the time of Solomon. The psychology of a Mormon testimony is explored and explained. Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking.

The Spirit of Missions Sep 19 2019 Includes the proceedings of the annual meeting of the Society.

Fundamentalisms and Society Jun 09 2021 The Fundamentalism Project Edited by Martin E. Marty and R. Scott Appleby Around the world, fundamentalist movements are profoundly affecting the way we live. Misinformation and misperception about fundamentalism exacerbate conflicts at home and abroad. Yet policymakers, journalists, students, and others have lacked any comprehensive resource on the explosive phenomenon of fundamentalism. Now the Fundamentalism Project has assembled an international team of scholars for a multivolume assessment of the history, scope, sources, character, and impact of fundamentalist movements within the world's major religious traditions. Fundamentalisms and Society shows how fundamentalist movements have influenced human relations, education, women's rights, and scientific research in over a dozen nations and within the traditions of Islam, Judaism, Christianity, Buddhism, and Hinduism. Drawn from the fields of anthropology, sociology, history of religion, and history of science, the contributors cover topics such as the educational structures of Hindu

revivalism, women in fundamentalist Iran and Pakistan, and the creationist cosmos of Protestant fundamentalism. In a concluding essay, William H. McNeill situates contemporary fundamentalisms within a world historical context. The Fundamentalism Project, Volume 2  
Martin E. Marty and R. Scott Appleby direct the Fundamentalism Project. Marty, the Fairfax M. Cone Distinguished Service Professor of the History of Modern Christianity at the University of Chicago, is the senior editor of the Christian Century and the author of numerous books, including the multivolume Modern American Religion, also published by the University of Chicago Press. Appleby, a research associate at the University of Chicago, is the author of "Church and Age Unite!" The Modernist Impulse in American Catholicism.

*Journal of Discourses* Jan 24 2020

*The Inside of Mormonism* Oct 21 2019 Includes abstracts of testimonies of witnesses, excerpts from published materials, opinions and decisions of the court.

*The Latter Day Saints* May 28 2020 Originally published in 1912 in England, this work by the American journalists Ruth and Reginald Wright Kauffman reflects their belief as Marxists that the Mormon church was a victim of a capitalist soc. Their intention was to summarize the widespread anti-Mormon lit. that appeared in the Amer. press during the late 19th and early 20th cent. They believed that econ. forces were primary in soc. and that capitalism was an unethical system of compulsion and domination. Their exploration of how the true nature of a capitalistic system was revealed in its impact on the history of Mormonism brought an unprecedented perspective to bear on the church.

*Excavating Mormon Pasts* Jul 22 2022 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Pasts* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue. It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored. It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty-first century.
