[Source of Magic](#) Aug 14 2021 A quest for the source of power threatened to doom the land of Xanth As a ruler of a country steeped in enchantment, King Trent was naturally curious about the source of its magic. It made sense to order Bink, the only one of his subjects immune to supernatural harm, to undertake a quest to discover the wellspring of Xanth's uniqueness. From the beginning, Bink and his companions, Chester the centaur and Crombie, the soldier transformed into a griffin, were harried by an unseen enemy determined to thwart them. Even the power of Good Magician Humfrey, together with Bink's protective talent, scarcely saved their lives. Then when Humfrey and Crombie turned against him, all seemed lost. But Bink's ingenuity and luck prevailed, and he reached his goal. The King's orders had been carried out . . . But the King had not expected Bink's next act—to destroy utterly the magic of Xanth!

Under A Velvet Cloak Jul 21 2019 Nox, the Incarnation of Night and Mistress of Secrets... It is the year 500 AD. Kerena, a beautiful young girl living near King Arthur's Camelot, is apprenticed to Morely the Seer. Morely teaches her fantastic magic, but when he mysteriously disappears, Kerena finds herself out on the street and must resort to prostitution to survive. Kerena prospers as a skilled courtesan until she is taken into service by Morgan le Fey, the sorceress sister of King Arthur. Kerena's knowledge of magic grows as she is required to carry out nefarious deeds for the evil Lady Fey. One of her missions is to seduce Sir Gawain, Knight of the Round Table, to prevent him from locating the Holy Grail. But Gawain and Kerena fall in love and she conceives his child, a child she discovers is cursed to die an early death. Using her Seer abilities, Kerena tries to locate the fabled Incarnations of Immortality, seeking their aid in removing the taint from her baby. Rebuffed by all seven major Incarnations, Kerena vows revenge. But revenge against such mighty immortals would require an even greater power... (Book 8 of Piers Anthony's Incarnations of Immortality series.)

A Spell for Chameleon (The Parallel Edition... Simplified) Jun 12 2021 Piers Anthony's bestselling Xanth series is one of the cornerstones of fantasy, a lively and whimsical interpretation of a genre often criticized for taking itself too seriously. Anthony's first Xanth novel, A Spell for Chameleon, was initially edited to target a more traditional audience. Now, in an eBook exclusive, A Spell for Chameleon has been reworked line by line—its language matching the simpler, playful way with words that made Piers Anthony an enduring fan favorite. Xanth is an enchanted land where magic rules, a land of centaurs and dragons and basilisks where every citizen has a unique spell to call their own. For Bink of North Village, however, Xanth is no fairy tale. He alone has no magic. And unless he gets some—and fast!—he will be exiled. Forever. But the Good Magician Humfrey is convinced that Bink does indeed have magic. In fact, both Beauregard the genie and the magic wall chart insist that Bink has magic as powerful as any possessed by the King, the Good Magician Humfrey, or even the Evil Magician Trent. Be that as it may, no one can fathom the nature of Bink's very special magic. This is even worse than having no magic at all . . . and he still faces exile!

[Bearing an Hourglass](#) Nov 17 2021 Like *On a Pale Horse*, this second, complete-in-itself novel of the Incarnations of Immortality is a richly imagined and always fascinating story. And again, Piers Anthony adds to his gripping plot a serious, though-provoking study of good and evil. When life seemed pointless to Norton, he accepted the position as the Incarnation of Time, even though it meant living backward from present to past. The other seemingly all-powerful Incarnates of Immortality—Death, Fate, War, and Nature—made him welcome. Even Satan greeted him with gifts. But he soon discovered that the gifts were cunning traps. While he had been distracted, he had become enmeshed in a complex scheme of the Evil One to destroy all that was good. In the end, armed with only the Hourglass, Norton was forced to confront the immense power of Satan directly. And though Satan banished him to Hell, he was resolved to fight on.

With a Tangled Skein May 23 2022 Here in this third complete-in-itself novel of the Incarnations of Immortality, Piers Anthony weaves a fascinating plot as tangled as any skein of fate. This is Anthony at his most ingenious, with another gripping fantasy of the struggle of the incarnations against the machinations of Satan. When the man Niobe loved was shot, she learned that she had been the target, in a devious plot of the Devil's. Hoping for revenge. Niobe accepted a position as one of the three Aspects of Fate, only to find that Satan's plots were tangled into the very Tapestry of Fate. Now the Evil One was laying a trap to ruin Niobe's granddaughter Luna, who threatened his plans—and he had tricked her son into Hell. Niobe's only chance to save her son and Luna was to accept a challenge by the Prince of Deceit—a challenge to be decided in Hell and in a maze of Satan's devising!

Zombie Lover Dec 26 2019 Brianna, a beautiful young Black girl, unfortunately attracts the attention of King Xeth, ruler of Xanth's zombies, who wants to make her his queen

[Chthon](#) May 11 2021 A Nebula and Hugo Award Finalist: The first novel by the New York Times–bestselling author of the Xanth series. Chthon was Piers Anthony's first published novel in 1967, written over the course of seven years. He started it when he was in the US Army, so it has a long prison sequence that is reminiscent of that experience, being dark and grim. It features Aton Five, a space man who commits the crime of falling in love with the dangerous, alluring Minionette and is therefore condemned to death in the subterranean prison of Chthon. It uses flashbacks to show how he came to know the Minionette, and flash-forwards to show how he dealt with her after his escape from prison. The author regards this as perhaps the most intricately structured novel the science fantasy genre has seen.

Chaos Mode Oct 16 2021 While Colene, a girl from Earth, learns to fight back the suicidal tendencies that torment her, Darius, the man from another planet who won her love, takes her on a journey through multiple universes

[Politician](#) Dec 06 2020 From a New York Times–bestselling author: A former refugee and mercenary campaigns for president of Jupiter—even as his rival tries to brainwash him. He awoke in a tiny lightless cell, groping for memory . . . memory that had been erased. Hope Hubris, Jupiter governor, progressive populist, warrior hero, and presidential candidate . . . a “mem-washed” tool of the enemy. And if his captors' plan worked, Hope would destroy his own political career, leaving the fate of his planet in the hands of its corrupt presidential incumbent—Tocsin. But Hope Hubris had a destiny to fulfill. He had the cunning to discover code words that could reactivate his mind . . . the strength to resist addiction to their drugs . . . the power to win the support of his countrymen, and finally, the courage to make an agonizing sacrifice that would ensure his planet's future and his own destiny . . . Tyrant of Jupiter.

Isle of Woman Apr 22 2022 From the New York Times–bestselling author of the Xanth novels: An epic drama of two souls whose tragedies and triumphs span human history. Piers Anthony's *Isle of Woman* is a

monumental epic of unprecedented drama and scope, retelling the saga of humankind in a unique and dramatic way. The culmination of more than a quarter century of research, it is a stunningly ambitious achievement from a master of imaginative fiction. At once grand in scope and intimate in human detail, *Isle of Woman* tells the story of a man and a woman born at the dawn of human history, separated by fate, yet united by an unquenchable passion that even time could not conquer: Blaze, the fire worker who raised his kind of savagery, and Ember, the beautiful green-eyed woman who forever haunted his dreams. Through their eyes and those of their descendents, we witness humanity's odyssey from savagery to civilization as they are reborn again and again throughout history. We share with these two eternal lovers an unforgettable odyssey of triumph, tragedy, and discovery that takes them from the African savannah to the ancient Middle East, from the South Pacific to the caves of northern Europe, from the court of imperial China to India during the British Raj, ending in a stunning reunion in an America in ruins only a few short years from now.

Realty Check Feb 20 2022 A vacation rental includes a portal to a secret realm in this "intergenerational . . . intergalactic charmer" from the New York Times–bestselling author (Publishers Weekly). Penn and Chandelle, an older couple, rent a house in the city at a bargain price and discover that its back door opens onto an endless forest. Now they know why others were scared off. That's only the beginning of the oddities about this particular piece of realty. They decide to call in experts: their grandchildren, Lloyd and Lynn, who pitch in with a will, to try to discover what and why. But it may be more of a challenge than they can handle.

Split Infinity Aug 26 2022 On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay through a mysterious "curtain" revealed by a loving robot. Beyond the curtain lay Phaze—a world totally ruled by magic. There, his first encounter was with an amulet that turned into a demon determined to choke him to death. And there, he soon learned, his alternate self had already been murdered by sorcery, and he was due to be the next victim. "Know thyself!" the infallible Oracle told him. But first he must save himself as he shuttled between worlds. On Proton, his fate depended on winning the great Games. On Phaze, he could survive only by mastering magic. And if he used any magic at all, the werewolf and the unicorn who were his only friends were determined to kill him at once!

Blue Adept Jul 25 2022 In this brilliant continuation of the epic adventure that began in *Split Infinity*, Piers Anthony again proves himself a master of both fantasy and science fiction. For Stile, life was a matter of shuttling madly between two worlds, with the problems growing greater on each. On the science world of Proton, he was a serf, trying to prove his right to exist by competing in the Great Games. On Phaze, where only magic worked, he was the Blue Adept, trying to master the powers of sorcery. And on both worlds, someone was trying to assassinate him. Aside from winning increasingly difficult contests with no time to prepare, all he had to do was win the love of the Lady Blue, fight a dragon, discover the ultimate weapon—and, of course, seek the paranoid Adept or the all-powerful Citizen who was trying to kill him! And now, just when things were growing impossible, he had to fight a mortal duel with the unicorn Herd Leader, against whom his magic powers were useless!

Kirlian Quest Mar 29 2020 "From the distant planet of Amoeba comes word of an awesome invasion. And Herald the Healer, descendant of Flint of Outworld, must abandon his beloved Psyche to those who would burn her for witchcraft as he seeks to master the riddle of the cosmos, journeying to the ancient ruins on Mars and the Galaxy of Pinwheels..."--Page [4] of cover.

Chaining the Lady Sep 03 2020 An alien being is out to save the galaxy in book two of the New York Times–bestselling author's Cluster series. *Chaining the Lady* is the second Cluster book. Melody, a product of Flint and the Andromedan's mating in Cluster, must save the Milky Way Galaxy and create a place where creatures can transfer without limitations. Melody must survive in worlds unknown and alien to her and she does that where others fail when her aura augments her skills and abilities. The book opens with the discovery that Andromeda, the enemy galaxy of the first novel, has discovered the secret of involuntary hosting: a Kirlian aura that is sufficiently stronger than that of an individual can take possession of that individual. Andromeda has secretly infiltrated the highest levels of government in Sphere Sol and its allies and resurrect its plot to steal the energy of the Milky Way. Melody of Mintaka, a direct descendant of Flint of Outworld and his Andromedan nemesis, has a Kirlian aura of well over two hundred. She is pressed into service to "possess" and interrogate a captured Andromedan transferee. Melody, hosted in the young and beautiful body of Yael of Dragon, must, like her progenitor Flint, find a way to defeat the Andromedan threat and save the galaxy. The mysterious Ancients are present again in the form of their artifacts and sites. The themes of Tarot and of various myths of Sphere Sol (in this case that of Perseus and Andromeda) play a big part this novel. The InterSphere fleet of starships has forms analogous to the Tarot suits of Disks, Cups, Wands, and Swords.

Wielding a Red Sword Jul 01 2020 Here in a fourth complete-in-itself novel of the Incarnations of Immortality, Piers Anthony again combines fascinating magic with a gripping, complex struggle between good and evil. Mym was a dutiful son, but his father the Rajah interfered in his love life once too often. Rather than wed without love, he took up the Red Sword, symbol of office of the Incarnation of War. At first he thought his efforts could ameliorate some of the suffering caused by Earth's constant petty wars. But he found that behind all his involvement were the clever traps of Satan. When seeming mischance placed him in Hell, Mym organized a great rebellion among the Damned. And Satan seemed to capitulate. But free again, Mym learned that Satan had been busy stirring up riots and war. Now it seemed things had gone too far and Satan must surely win. There was only one desperate chance. . . .

Pornucopia Aug 22 2019 *Pornucopia* is a picaresque black comedy that transgresses all bounds of everyday good taste. It begins in a near-future world where sex-vending machines and genital transplants are taken for granted. Prior Gross, the hero and sex object of this wild adventure, thinks his fantasies have all come true when a beautiful young woman seduces him on a public beach. She turns out to be a succubus, beginning his initiation into a realm populated by demons that are not merely horned, but horny. He encounters a perverse cast of characters that includes a satyr, a vampire, and a pair of luscious sisters, one of whom tricks him out of his manhood. So Prior Gross sets out on a perverse odyssey, taking him to a distant planet where he discovers the key to the return of his property and, ultimately, the origin of the universe itself.

Juxtaposition Jan 19 2022 In this brilliantly satisfying conclusion to the epic adventure begun in *Split Infinity* and continued in *Blue Adept*, Piers Anthony again proves himself a consummate master of both science fiction and fantasy. Stile had problems—two whole worlds of problems, in fact. On Proton, a world of future science, his murder was averted only by the help of a lovely robot, who sent him through an invisible "curtain" to Phaze, an alternate world ruled by magic. There he found he was the double of the sorcerer, the Blue Adept, who had been mysteriously murdered. And the assassin was after Stile! To survive, Stile had to master magic, fight a dragon, win the friendship of a lady unicorn, locate his enemy among the paranoid Adepts, and return out of Phaze to win the Great Games on Proton. After that, he was ready to face the real problems! The infallible Oracle was suddenly involved in the conspiracy against him. The two worlds were out of balance and heading for disaster. Stile was somehow supposed to take over the job of saving them or go down to total destruction with all he loved, he had to act and act quickly—with no idea of what he was supposed to do.

Ogre, Ogre May 31 2020 When a Nymph rides a Night Mare, Ogre beware! Smash knew all about ogres. After all, despite his having a human mother, Smash was an ogre himself. Ogres were not only huge and horribly ugly, as Smash was; they were also so stupid they could hardly speak, and they spent most of their time fighting, destroying, and eating young girls. So what was he doing here with seven assorted females looking to him to guide them and save them? Even in Xanth, where magic made anything possible, why should Tandy the Nymph trust him and seem fond of him? And how could all that high-flown conversation be coming out of his mouth? But that, it seemed, was what he got for going to Good Magician Humfrey for an Answer—before he even knew what the Question was!

Hope of Earth Aug 02 2020 Exciting, imaginative, and inspiring, *Hope of Earth* is the story of a group of heroic men and women, bound by ties of passion, honor, and blood, who struggle to transcend our violent past and forge a new and shining future. In *Isle of Woman* and *Shame of Man*, the first two volumes of the monumental *Geodyssey* saga, bestselling author Piers Anthony chronicles the triumphs and tragedies of two remarkable families reborn again and again in some of the most turbulent eras of human history. Now, with *Hope of Earth*, Anthony brings us a stirring epic that ranges from our ancient beginnings in Africa's Great Rift Valley to the windswept Andes a century from now, and includes some of history's most fascinating figures—the mysterious "Ice Man" of the Swiss Alps, the decadent King Herod, the British Warrior Queen Boudica, the

Mongol Chieftan Tamurlane, and King Louis XIV of France. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Macroscope Jul 13 2021 Throughout history, man has been searching for better ways to gather information about his universe. But although they may have longed for it, not even the most brilliant minds could conceive of a device as infinitely powerful or as immeasurably precise as the Macroscope, until the twenty-first century. This is a story of man's desperate search for a compromise between his mind and his heart, between knowledge and humanity.

A Paper Pauper on the Whistle Perch Mar 09 2021 A compelling, moving, life-or-death story about the survival of American democracy and Christian morality. A Paper Pauper on the Whistle Perch is a heart-rending sensitive, moving story of fear and danger, pain and struggle, futility and immorality in American democracy, which, like all other democracies throughout history, is destroying itself. Franklin Jefferson Adams represents the rank and file American - a non-politician who wants all Americans to be able to pursue "the American dream" and to be able to vote in a system in which he is no longer forced to vote for "the lesser of two evils." Adams is the average American caught in a deteriorating government and society. In his fantasies, which are complete vignettes, he suffers the agonies of almost all social and religious problems in American today.

To grant Millie her desire, and to prove his right to rule Xanth in the future, young Magician Dor embarked on a quest for the elixir which would restore Jonathan to full life. But the potion could be found only in the past . . . so, through a magic tapestry, to the past he went, taking over the body of a barbarian warrior. The first person he encountered there was Jumper, a giant spider—a nightmare monster, but a staunch friend and much-needed ally in peril-haunted, ancient Xanth. Then Dor met Millie—800 years younger, but just as lovely. And he realized that, in his new body, he was no longer twelve years old . . .

The Sopaths Feb 08 2021 Humanity is threatened by its own monstrous children in this controversial fantasy novel from the New York Times--bestselling author. Killing children is an ugly business, but the alternative is so much uglier. Abner Slate just watched his five-year-old daughter, Olive, kill his wife and son. Olive is a sopath. Born without souls, sopaths are children who will lie, cheat, rape, and murder to get what they want. There's one in every family these days, destroying America's heartland from within. After murdering his daughter in self-defense, Abner is taken in by a secret network of sopath victims called Pariah. Through Pariah, he meets other sopath victims who band together to form a temporary nuclear family. But the sopath threat is getting worse, and soon their quaint little neighborhood is overrun by murderous, drug-running children. Now, on a mission for Pariah, Abner and his makeshift family must travel across the country to a mysterious town that contains a secret powerful enough to stop the sopath crisis. Instead, they find the most seductive and ruthless sopath of all. Her name is Autopsy, and she would like to add Abner to her slave collection. The old morality is dead. Now the sopaths will stalk the Earth.

Kirlian Quest Sep 27 2022 Two warring galaxies unite against a common threat in this continuation of the New York Times--bestselling author's Cluster series. Twice before, Milky Way Galaxy has been on the verge of extinction, and twice before, a heroic defender has come forward to throw back the invaders from Andromeda Galaxy. In Kirlian Quest, the galaxies are united in an alliance of peace. But Hweeh of Weew, the Milky Way's leading research astronomer, observes that Amoeba—just beyond the galaxies' common frontier—is expanding ominously in the direction of the twin galaxies. Herald the Healer is called in. Armed only with his hyper-intense Kirlian aura, he wages an almost single-handed battle against the greatest threat ever to face the galaxies. But first he must unravel the secrets of the Ancients—astounding secrets whose import could never have been imagined . . . For a thousand years Sphere / of Andromeda was cursed by the other spheres because a representative, Llume of /, betrayed Andromeda during the Second War of Energy. As Kirlian Quest opens, a new threat has appeared on the horizon: the Space Amoeba, a fleet of alien ships one million strong, whose intentions are definitely hostile. Herald the Healer, aural (but not literal) descendant of Flint and Melody, who is a / of Andromeda, has the chance to redeem his species' honor and save the galaxy, but in order to do so he must solve the riddle of the Space Amoeba and of the Ancients themselves.

Cluster Jan 27 2020 First in the sci-fi series "packed with exotic beings, ancient secrets, and futuristic worlds" from the New York Times--bestselling author (The Portalist). As Cluster opens, the alien envoy Pnotl of Sphere Knyfh seeks help from Sphere Sol in a shared galactic-level crisis: Galaxy Andromeda has discovered the secret of energy transfer and intends to use it to steal the basic energy of the Milky Way Galaxy. Knyfh offers the secret of aura transfer on the understanding that Sphere Sol will spread the technology to help create a galactic coalition to find and defeat agents of Andromeda. Sol's highest-Kirlian individual is Flint, a green-skinned native of Outworld, who has a Kirlian aura of two hundred, an eidetic memory (useful for memorizing the complex equations of Kirlian transfer that he will need to communicate to other spheres). He has extraordinary intelligence and is highly adaptable. His mission is complicated, however, by the fact that he is pursued everywhere by a very high Kirlian female Andromedan agent and, somehow, the Andromedans are able to detect and trace Kirlian transfers. Flint embarks upon several missions to bring transfer technology to neighboring spheres, inhabiting various alien forms. His efforts are successful despite attacks and sabotage by the Andromedan agent. Through the conflict, however, the mutual attraction of their two vastly superior auras begins to undermine their individual loyalty to their own Spheres. Flint and a group of other entities recover the information that will allow them to detect and trace transfers, and a member of the group is revealed as the Andromedan agent. One result is the catastrophic destruction of the local habitat. Flint and his nemesis are transferred into alien Mintakan bodies to survive. Choosing to leave things with parity between their two galaxies, Flint and the Andromedan mate and remain together until their auras fade (which happens rapidly, since their physical bodies have been destroyed).

Dor was left with the burden of ruling—and with Irene, who was entirely too willing to be his Queen! His only hope was to enter Mundania and free King Trent.
