Research on Old French: The State of the Art Jan 18 2022 The present volume presents scholarly study into Old French as it is practiced today, in all of its forms, within a variety of theoretical frameworks, from Optimality Theory to Minimalism to Discourse Analysis. Many of the chapters are corpus-based, reflecting a new trend in the field, as more electronic corpora become available. The chapters contribute to our understanding of both the synchronic state and diachronic evolution, not only of Old French, but of language in general. Its breadth is extensive in that contributors pursue research on a wide variety of topics in Old French focusing on the various subsystems of language. All examples are carefully glossed and the relevant characteristics of Old French are clearly explained, which makes it uniquely accessible to non-specialists and linguists at all levels of training. ?

In Battle for Peace Mar 28 2020 W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.

Nominal Apposition in Indo-European May 22 2022 Nominal apposition—the combining of two equivalent nouns—has been a neglected topic in linguistics, despite its prominence in syntax and morphology in some languages. This book presents an extensive comparative and diachronic analysis of nominal apposition in Indo-European, examining its occurrence, characteristics and functions in early languages, identifying parallels with similar phenomena elsewhere, and tracing its evolution in Latin-Romance.

Odes May 30 2020 ‘Interspersed with acts of breathtaking linguistic daring.’ Charlotte Mendelson, *Observer* Book of the Year Opening with a powerful and tender ‘Ode to the Hymen’, Sharon Olds uses this age-old poetic form to address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as ‘Ode to My Sister’, ‘Ode of Broken Loyalty’, ‘Ode to My Whiteness’, ‘Blow Job Ode’, ‘Ode to the Last 38 Trees in New York City Visible from This Window’, Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her – the ‘Sheffield Mountain Ode’ for Galway Kinnell is one of the most stunning pieces here – Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

The Medieval Salento May 10 2021 Located in the heel of the Italian boot, the Salento region was home to a diverse population between the ninth and fifteenth centuries. Inhabitants spoke Latin, Greek, and various vernaculars, and their houses of worship served sizable congregations of Jews as well as Roman-rite and Orthodox Christians. Yet the Salentines of this period laid claim to a definable local identity that transcended linguistic and religious boundaries. The evidence of their collective culture is embedded in the traces they left behind: wall paintings and inscriptions, graffiti, carved tombstone decorations, belt fittings from graves, and other artifacts reveal a wide range of religious, civic, and domestic practices that helped inhabitants construct and maintain personal, group, and regional identities. *The Medieval Salento* allows the reader to explore the visual and material culture of a people using a database of over three hundred texts and images, indexed by site. Linda Safran draws from art history, archaeology, anthropology, and ethnohistory to reconstruct medieval Salentine customs

of naming, language, appearance, and status. She pays particular attention to Jewish and nonelite residents, whose lives in southern Italy have historically received little scholarly attention. This extraordinarily detailed visual analysis reveals how ethnic and religious identities can remain distinct even as they mingle to become a regional culture.

Round the World in the Wrong Season Dec 05 2020 *Round the World in the Wrong Season*, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect bound in cloth. More www.wrongseason.net and www.ericwiberg.com

[A Secondhand Lie](#) Feb 25 2020 Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean Koontz's *The Neighbor*. Read as a standalone or as the companion book to *A Secondhand Life*.

The Discourse of Modernism Nov 04 2020 Timothy J. Reiss perceives a new mode of discourse emerging in early seventeenth-century Europe; he believes that this form of thought, still our own, may itself soon be giving way. In *The Discourse of Modernism*, Reiss sets up a theoretical model to describe the process by which one dominant class of discourse is replaced by another. He seeks to demonstrate that each new mode does not constitute a radical break from the past but in fact develops directly from its predecessor.
