Revelation Mar 28 2020 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Broken Harmony Apr 09 2021 Music was a subject of considerable debate during the Renaissance. The notion that music could be interpreted in a meaningful way clashed regularly with evidence that music was in fact profoundly promiscuous in its application and effects. Subsequently, much writing in the period reflects a desire to ward off music's illegibility rather than come to terms with its actual effects. In *Broken Harmony* Joseph M. Ortiz revises our understanding of music's relationship to language in Renaissance England. In the process he shows the degree to which discussions of music were ideologically and politically charged. Offering a historically nuanced account of the early modern debate over music, along with close readings of several of Shakespeare's plays (including *Titus Andronicus*, *The Merchant of Venice*, *The Tempest*, and *The Winter's Tale*) and Milton's *A Maske*, Ortiz challenges the consensus that music's affinity with poetry was widely accepted, or even desired, by Renaissance poets. Shakespeare more than any other early modern poet exposed the fault lines in the debate about music's function in art, repeatedly staging disruptive scenes of music that expose an underlying struggle between textual and sensuous authorities. Such musical interventions in textual experiences highlight the significance of sound as an aesthetic and sensory experience independent of any narrative function.

Broken Men Aug 01 2020 Shell shock achieved a very high political profile in the years 1919-1922. Publications ranging from *John Bull* to the *Morning Post* insisted that shell-shocked men should be treated with respect, and the Minister for Health announced that the government was committed to protecting shell-shocked men from the stigma of lunacy. Yet at the same time, many mentally-wounded veterans were struggling with a pension system which was failing to give them security. It is this conflict between the political rhetoric and the lived experience of many wounded veterans that explains why the government was unable to dispel the negative wartime assessment of official shell-shock treatment. There was also a real conflict between the government's wish to forget shell shock whilst memorialising the war and remembering the war dead. As a result of these contradictions, shell shock was not forgotten, on the contrary, the shell-shocked soldier quickly grew to symbolise the confusions and inconsistencies of the Great War.

Death By Shakespeare May 30 2020 William Shakespeare found dozens of different ways to kill off his characters, and audiences today still enjoy the same reactions – shock, sadness, fear – that they did more than 400 years ago when these plays were first performed. But how realistic are these deaths, and did Shakespeare have the knowledge to back them up? In the Bard's day death was a part of everyday life. Plague, pestilence and public executions were a common occurrence, and the chances of seeing a dead or dying body on the way home from the theatre were high. It was also a time of important scientific progress. Shakespeare kept pace with anatomical and medical advances, and he included the latest scientific discoveries in his work, from blood circulation to treatments for syphilis. He certainly didn't shy away from portraying the reality of death on stage, from the brutal to the mundane, and the spectacular to the silly. Elizabethan London provides the backdrop for *Death by Shakespeare*, as Kathryn Harkup turns her discerning scientific eye to the Bard and the varied and creative ways his characters die. Was death by snakebite as serene as Shakespeare makes out? Could lack of sleep have killed Lady Macbeth? Can you really murder someone by pouring poison in their ear? Kathryn investigates what actual events may have inspired Shakespeare, what the accepted scientific knowledge of the time was, and how Elizabethan audiences would have responded to these death scenes. *Death by Shakespeare* will tell you all this and more in a rollercoaster of Elizabethan carnage, poison, swordplay and bloodshed, with an occasional death by bear-mauling for good measure.

Red Shadows Mar 08 2021 The roaming vigilante Solomon Kane comes upon a bleeding girl. As she lay dying in his arms, he vows to avenge her death and destroy the evil Le Loup. This gothic classic from Robert E. Howard is filled with suspense, horror and memorable monsters and villains. The action-packed "Red Shadows" is the first Solomon Kane story ever published. The 2009 film "Solomon Kane", starring James Purefoy and Max von Sydow, is based on Howard's famous hero. Robert Ervin Howard (1906-1936) was an American author of a wide range of genres. He created the pulp fiction hero Conan the Barbarian and is regarded as the father of the sword and sorcery subgenre.

Beowulf Aug 21 2019 Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

This Book is Broken Apr 21 2022 A lively oral history of the Toronto cult indie-rock band draws on interviews with such past and present members as Hayden, Bloc Party, and Leslie Feist as well as a number of their fellow performers, in an illustrated tribute that is complemented by reproductions of gig posters and album artwork. Original.

Sounds Wild and Broken Jan 18 2022 An awe-inspiring exploration of the sounds of the living Earth, and the joys and threats of human music, language and noise. 'A symphony, filled with the music of life . . . fascinating, heartbreaking, and beautifully written.' ELIZABETH KOLBERT, author of *The Sixth Extinction* 'Sounds Wild and Broken affirms Haskell as a laureate for the earth, his finely tuned scientific observations made more potent by his deep love for the wild he hopes to save.' NEW YORK TIMES 'Wonderful . . . a reminder that the narrow aural spectrum on which most of us operate, and the ways in which human life is led, blocks out the planet's great, orchestral richness.' GUARDIAN We live on a planet alive with song, music, and speech. David George Haskell explores how these wonders came to be. In rainforests shimmering with insect sounds and swamps pulsing with frog calls we learn about evolution's creative powers. From birds in the Rocky Mountains and on the streets of Paris, we discover how animals learn their songs and adapt to new

environments. Below the waves, we hear our kinship to beings as different as snapping shrimp, toadfish, and whales. In the startlingly divergent sonic vibes of the animals of different continents, we experience the legacies of plate tectonics, the deep history of animals and their movements around the world, and the quirks of aesthetic evolution. Starting with the origins of animal song and traversing the whole arc of Earth's history, Haskell illuminates and celebrates the emergence of the varied sounds of our world. In mammoth ivory flutes from Paleolithic caves, violins in modern concert halls, and electronic music in earbuds, we learn that human music and language belong within this story of ecology and evolution. Yet we are also destroyers, now silencing or smothering many of the sounds of the living Earth. Haskell takes us to threatened forests, noise-filled oceans, and loud city streets to show that sonic crises are not mere losses of sensory ornament. Sound is a generative force, and so the erasure of sonic diversity makes the world less creative, less beautiful. Sounds Wild and Broken is an invitation to listen, wonder, act. 'Absolutely fascinating.' MARIELLA FROSTRUP, TIMES RADIO 'Enlightening and sobering.' JINI REDDY, METRO

The Comfort Book Apr 28 2020 THE INSTANT NUMBER ONE SUNDAY TIMES BESTSELLER 'Profound, witty and uplifting' Observer 'Full of eloquent, cogent and positive reminders of the beauty of life'

Independent The Comfort Book is a collection of consolations learned in hard times and suggestions for making the bad days better. Drawing on maxims, memoir and the inspirational lives of others, these meditations offer new ways of seeing ourselves and the world. This is the book to pick up when you need the wisdom of a friend, the comfort of a hug or a reminder that hope comes from unexpected places.

The Broken Statue Jun 18 2019 Buried in the red soil of the Oklahoma prairie is a secret only Charlie McDonagh can fully reveal. Charlie is an ordinary man who is witness to extraordinary events and people. A stone statue of a striking young woman, broken into a hundred pieces is uncovered from the dirt of a remote location—a broken statue representing shattered lives and shattered dreams. The story of the statues is one of love, greed, betrayal, power, and crushed aspirations. The statue symbolizes what was and what could have been. A tale of a great oil empire betrayed, destroying the lives of the family who built it. An intriguing story based on the real-life legacy of the Marland Mansion and the statue still located within its walls.

The Night of Broken Glass Sep 14 2021 Over the last three decades, Kashmir has been ravaged by insurgency. While reams have been written on it - in human rights documents, academic theses, non-fiction accounts of the turmoil, and government and military reports - the effects of the violence on its inhabitants have rarely been rendered in fiction. Feroz Rather's *The Night of Broken Glass* corrects that anomaly. Through a series of interconnected stories, within which the same characters move in and out, the author weaves a tapestry of the horror Kashmir has come to represent. His visceral imagery explores the psychological impact of the turmoil on its natives - Showkat, who is made to wipe off graffiti on the wall of his shop with his tongue; Rosy, a progressive, jeans-wearing 'upper-caste' girl who is in love with 'lower-caste' Jamshid; Jamshid's father Gulam, a cobbler by profession who never finds his son's bullet-riddled body; the ineffectual Nadim 'Pasture', who proclaims himself a full-fledged rebel; even the barbaric and tyrannical Major S, who has to contend with his own nightmares. Grappling with a society brutalized by the oppression of the state, and fissured by the tensions of caste and gender, Feroz Rather's remarkable debut is as much a paean to the beauty of Kashmir and the courage of its people as it is a dirge to a paradise lost.

Broken English Jul 20 2019 The English language in the Renaissance was in many ways a collection of competing Englishes. Blank investigates the representation of alternative vernaculars in both linguistic and literary works of the time.

A Broken World Oct 23 2019 A lieutenant writes of digging through bodies that have the consistency of Camembert cheese; a mother sends flower seeds to her son at the Front, hoping that one day someone may see them grow; a nurse tends a man back to health knowing he will be court-martialled and shot as soon as he is fit. Edited by the bestselling author of *Birdsong* and Dr Hope Wolf, this is an original and illuminating non-fiction anthology of writing on the First World War. Diaries, letters and memories, testaments from ordinary people whose lives were transformed, are set alongside extracts from names that have become synonymous with the war, such as Siegfried Sassoon and T.E. Lawrence. *A Broken World* is an original collection of personal and defining moments that offer an unprecedented insight into the Great War as it was experienced and as it was remembered.

The Great Animal Orchestra Jun 11 2021 A "passionate amalgam of science and autobiography" that will leave you hearing -- and seeing -- nature as never before (New York Times Book Review). Musician and naturalist Bernie Krause is one of the world's leading experts in natural sound, and he's spent his life discovering and recording nature's rich chorus. Searching far beyond our modern world's honking horns and buzzing machinery, he has sought out the truly wild places that remain, where natural soundscapes exist virtually unchanged from when the earliest humans first inhabited the earth. Krause shares fascinating insight into how deeply animals rely on their aural habitat to survive and the damaging effects of extraneous noise on the delicate balance between predator and prey. But natural soundscapes aren't vital only to the animal kingdom; Krause explores how the myriad voices and rhythms of the natural world formed a basis from which our own musical expression emerged. From snapping shrimp, popping viruses, and the songs of humpback whales -- whose voices, if unimpeded, could circle the earth in hours -- to cracking glaciers, bubbling streams, and the roar of intense storms; from melody-singing birds to the organlike drone of wind blowing over reeds, the sounds Krause has experienced and describes are like no others. And from recording jaguars at night in the Amazon rain forest to encountering mountain gorillas in Africa's Virunga Mountains, Krause offers an intense and intensely personal narrative of the planet's deep and connected natural sounds and rhythm. *The Great Animal Orchestra* is the story of one man's pursuit of natural music in its purest form, and an impassioned case for the conservation of one of our most overlooked natural resources—the music of the wild.

Broken (in the best possible way) Nov 04 2020 An Instant New York Times Bestseller From the #1 New York Times bestselling author of *Furiously Happy* and *Let's Pretend This Never Happened* comes a deeply relatable book filled with humor and honesty about depression and anxiety. As Jenny Lawson's hundreds of thousands of fans know, she suffers from depression. In *Broken*, Jenny brings readers along on her mental and physical health journey, offering heartbreaking and hilarious anecdotes along the way. With people experiencing anxiety and depression now more than ever, Jenny humanizes what we all face in an all-too-real way, reassuring us that we're not alone and making us laugh while doing it. From the business ideas that she wants to pitch to *Shark Tank* to the reason why Jenny can never go back to the post office, *Broken* leaves nothing to the imagination in the most satisfying way. And of course, Jenny's long-suffering husband Victor—the Ricky to Jenny's Lucille Ball—is present throughout. A treat for Jenny Lawson's already existing fans, and destined to convert new ones, *Broken* is a beacon of hope and a wellspring of laughter when we all need it most. Includes Photographs and Illustrations

The Sound of Broken Things Sep 26 2022 A large sum of the growth in life comes from the pain felt in heartbreak and loss. This book of poems contains the author's own life stories of the growth that comes when you lose someone. These poems act as a roadmap of what the author learned in her teenage years, stories of breakups and coming to understand her mental illness. To all those who have struggled with depression, heartbreak, or growing pains, she is hoping you will take the time to read these poems, that you might relate to them and know you are not alone.

Across a Broken Shore Jun 23 2022 In 1936 San Francisco, eighteen-year-old Willa MacCarthy is bound for the convent. But when she discovers her love of medicine, she will defy her family and work with a female doctor to care for those building the Golden Gate Bridge.

How to Heal a Broken Heart Sep 21 2019 'The poster girl for divorce.' The Times 'If you've ever had your heart broken (and who hasn't) Rosie Green's *How to Heal a Broken Heart* is your best friend. Honest, comforting and hopeful.' MARIAN KEYES 'I love Rosie Green's writing.' ELIZABETH DAY 'Brilliant. One of the few books that I've found that really describes what a broken heart feels like. It touched so many nerves.'

VANESSA FELTZ 'It reduced me to tears.' EMMA BARNETT, *Woman's Hour*, BBC Radio 4 'It wasn't a conscious uncoupling. I had my heart ripped out and stamped on.' When Rosie Green's husband walked out after

26 years together, he declined to leave a forwarding address. Instead, he left a devastated woman who turned into someone she barely recognised: unable to eat or sleep, and so desperate to keep her family together she'd sacrifice her sense of self - and her dignity. She thought she'd never get over it. But she did. And so can you. This is the frank, uplifting and insightful book Rosie wished she could have found when her whole world fell apart. Here's your guide to getting through it - with advice from the experts, with the help of your friends, with a deliciously dark sense of humour and, for Rosie, with some highly inappropriate sex advice from her pre-teen daughter. Let her brilliantly honest handbook show how you can heal faster, understand yourself better and move on. How to Heal a Broken Heart doesn't sugarcoat it - heartbreak brings you to your knees. But, sometimes, it also gives you a necessary shove towards a happier, more fulfilled life than you ever dreamed was possible.

Broken Music May 22 2022 Broken Music is an essential compendium for records created by visual artists. The publication was edited by Ursula Block and Michael Glasmeier and originally published in 1989 by DAAD. Broken Music focuses on recordings, record-objects, artwork for records, and record installations made by thousands of artists between WWII and 1989. It also includes essays by both editors as well as Theodor W. Adorno, René Block, Jean Dubuffet, Milan Knizak, László Moholy-Nagy, Christiane Seiffert, and Hans Rudolf Zeller, as well as a flexi disc of the Arditti Quartet performing Knizak's "Broken Music." The centerpiece of the publication is a nearly 200-page bibliography of artists' records. Works chosen for the publication revolved around four criteria: (1) record covers created as original work by visual artists; (2) record or sound-producing objects (multiples/editions/sculptures); (3) books and publications that contain a record or recorded-media object; and (4) records or recorded media that have sound by visual artists.

Broken Shackles Oct 03 2020 In 1889, Broken Shackles was published in Toronto under the pseudonym of Glenelg. This very unique book, containing the recollections of a resident of Owen Sound, Ontario, an African American known as Old Man Henson, was one of the very few books that documented the journey to Canada from the perspective of a person of African descent. Now, over 112 years later, a new edition of Broken Shackles is available. Henson was a great storyteller and the spark of life shines through as he describes the horrors of slavery and his goal of escaping its tenacious hold. His times as a slave in Maryland, his refuge in Pennsylvania and New Jersey, and his ultimate freedom in Canada are vividly depicted through his remembrances. The stories of Henson's family, friends and enemies will both amuse and shock the readers of Broken Shackles: Old Man Henson From Slavery to Freedom. It is interesting to discover that his observations of life's struggles and triumphs are as relevant today as they were in his time.

Broken Horses Feb 07 2021 #1 NEW YORK TIMES BESTSELLER • The critically acclaimed singer-songwriter, producer, and six-time Grammy winner opens up about faith, sexuality, parenthood, and a life shaped by music in “one of the great memoirs of our time” (Glennon Doyle, author of Untamed). NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND AUTOSTRADDLE • “The best-written, most engaging rock autobiography since her childhood hero, Elton John, published Me.”—Variety Brandi Carlile was born into a musically gifted, impoverished family on the outskirts of Seattle and grew up in a constant state of change, moving from house to house, trailer to trailer, fourteen times in as many years. Though imperfect in every way, her dysfunctional childhood was as beautiful as it was strange, and as nurturing as it was difficult. At the age of five, Brandi contracted bacterial meningitis, which almost took her life, leaving an indelible mark on her formative years and altering her journey into young adulthood. As an openly gay teenager, Brandi grappled with the tension between her sexuality and her faith when her pastor publicly refused to baptize her on the day of the ceremony. Shockingly, her small town rallied around Brandi in support and set her on a path to salvation where the rest of the misfits and rejects find it: through twisted, joyful, weird, and wonderful music. In Broken Horses, Brandi Carlile takes readers through the events of her life that shaped her very raw art—from her start at a local singing competition where she performed Elton John's “Honky Cat” in a bedazzled white polyester suit, to her first break opening for Dave Matthews Band, to many sleepless tours over fifteen years and six studio albums, all while raising two children with her wife, Catherine Shepherd. This hard-won success led her to collaborations with personal heroes like Elton John, Dolly Parton, Mavis Staples, Pearl Jam, Tanya Tucker, and Joni Mitchell, as well as her peers in the supergroup The Highwomen, and ultimately to the Grammy stage, where she converted millions of viewers into instant fans. Evocative and piercingly honest, Broken Horses is at once an examination of faith through the eyes of a person rejected by the church's basic tenets and a meditation on the moments and lyrics that have shaped the life of a creative mind, a brilliant artist, and a genuine empath on a mission to give back.

The Perfect Sound Dec 25 2019 A poet's audio obsession, from collecting his earliest vinyl to his quest for the ideal vacuum tubes. A captivating book that “ingeniously mixes personal memoir with cultural history and offers us an indispensable guide for the search of acoustic truth” (Yunte Huang, author of Charlie Chan). Garrett Hongo's passion for audio dates back to the Empire 398 turntable his father paired with a Dynakit tube amplifier in their modest tract home in Los Angeles in the early 1960s. But his adult quest begins in the CD-changer era, as he seeks out speakers and amps both powerful and refined enough to honor the top notes of the greatest opera sopranos. In recounting this search, he describes a journey of identity where meaning, fulfillment, and even liberation were often most available to him through music and its astonishingly varied delivery systems. Hongo writes about the sound of surf being his first music as a kid in Hawai'i, about doo-wop and soul reaching out to him while growing up among Black and Asian classmates in L.A., about Rilke and Joni Mitchell as the twin poets of his adolescence, and about feeling the pulse of John Coltrane's jazz and the rhythmic chords of Billy Joel's piano from his car radio while driving the freeways as a young man trying to become a poet. Journeying further, he visits devoted collectors of decades-old audio gear as well as designers of the latest tube equipment, listens to sublime arias performed at La Scala, hears a ghostly lute at the grave of English Romantic poet John Keats in Rome, drinks in wisdom from blues musicians and a diversity of poetic elders while turning his ear toward the memory-rich strains of the music that has shaped him: Hawaiian steel guitar and canefield songs; Bach and the Band; Mingus, Puccini, and Duke Ellington. And in the decades-long process of perfecting his stereo setup, Hongo also discovers his own now-celebrated poetic voice.

The Sound of Broken Absolutes Jul 24 2022 Two men. One old. On young. Both possess a gift. A gift of music with the power to change things. Even destroy. The younger is called back to his homeland. To war. The other embarks on an inward journey into his past, as he sets to repair a broken viola. An instrument with meaning to him. A resonant kind. The music each man will make, will have an absolute quality. And it will change them both.

The Sound of Broken Glass Aug 25 2022 Scotland Yard detectives Duncan Kincaid and Gemma James are on the case in Deborah Crombie's The Sound of Broken Glass, a captivating mystery that blends a murder from the past with a powerful danger in the present. When Detective Inspector James joins forces with Detective Inspector Melody Talbot to solve the murder of an esteemed barrister, their investigation leads them to realize that nothing is what it seems—with the crime they're investigating and their own lives. With an abundance of twists and turns and intertwining subplots, The Sound of Broken Glass by New York Times bestselling author Deborah Crombie is an elaborate and engaging page-turner.

The House of Broken Angels May 10 2021 'Epic . . . Rambunctious . . . Highly entertaining' New York Times 'All we do, mija, is love. Love is the answer. Nothing stops it. Not borders. Not death.' In his final days, beloved and ailing patriarch Miguel Angel de La Cruz, affectionately called Big Angel, has summoned his entire clan for one last legendary birthday party. But as the party approaches, his mother, nearly one hundred, dies, transforming the weekend into a farewell doubleheader. Among the guests is Big Angel's half brother, known as Little Angel, who must reckon with the truth that although he shares a father with his siblings, he has not, as a half gringo, shared a life. Across two bittersweet days in their San Diego neighbourhood, the revellers mingle among the palm trees and cacti, celebrating the lives of Big Angel and his mother, and recounting the many inspiring tales that have passed into family lore, the acts both ordinary and heroic that brought these citizens to a fraught and sublime country and allowed them to flourish in the land they have come to call home. Teeming with brilliance and humor, authentic at every turn, The House of Broken Angels is Luis Alberto Urrea at his best, and cements his reputation as a storyteller of the first rank.

You Were Never Broken Feb 19 2022 Poems for accepting all that you are—including those parts of yourself that you wish you could disown “Give yourself permission to rest, and be silent, and do nothing. Love this

aloneness, friend. Fall into it. (Don't worry. You won't disappear. I am here to catch you.) Invite warm, curious attention deep inside your weary bones. Until there is no loneliness, only radical self-love." —Jeff Foster "There was never anything wrong with me, and there is never anything wrong with you." So writes spiritual teacher Jeff Foster, who has traveled through his share of darkness—but also knows the light that lies on the other side. In *You Were Never Broken*, he presents a collection of poetry that embraces the full spectrum of human experience, from the seemingly mundane to moments of transcendent realization. Each verse is an invitation to stop and meditate on a different facet of personal transformation. Amid these verses, Foster provides his signature straight talk and accessible teachings on the value of stillness and silence, the pitfalls of the spiritual path, and what it means to surrender completely to the beauty of the present moment. For him, the winding path to self-acceptance started with nonjudgmental observation of his darkest thoughts—and here he shares his world-renowned expertise on how to begin your own journey. For Foster, every moment contains infinite possibilities. With *You Were Never Broken*, you'll discover not just raw and inspirational poetry, but also a guide for completely surrendering to the beauty and possibility of the present moment.

The Broken Hearted Feb 25 2020 Deborah has written these pages in an effort to encourage readers that are walking in crisis. This book also reveals that life can suddenly change when we are challenged with forces beyond our control. Those forces could be illness, grief, or a broken heart. Prioritizing our position with God and believing our eternity is secure surpasses anything life can force on us. It makes you understand that as a Christian, you will face the same trials and obstacles as a nonbeliever and helps you also to understand that if you are a nonbeliever, that too can be changed. The difference being the peace you gain by grasping God's hand as you walk through difficulty. Believing God and accepting his will even when we don't like the direction he is allowing us to go, much less the outcome it looks like we are facing, takes courage that only comes from him. While you join her in this journey of heart disease, maybe you will find some scripture to latch onto and possibly a word or two of wisdom that can become light in your darkness. Deborah's hope is that you won't live like you're dying but that you will learn to live as though you will live forever.

Phenomenology of the Broken Body Nov 23 2019 Some fundamental aspects of the lived body only become evident when it breaks down through illness, weakness or pain. From a phenomenological point of view, various breakdowns are worth analyzing for their own sake, and discussing them also opens up overlooked dimensions of our bodily constitution. This book brings together different approaches that shed light on the phenomenology of the lived body—its normality and abnormality, health and sickness, its activity as well as its passivity. The contributors integrate phenomenological insights with discussions about bodily brokenness in philosophy, theology, medical science and literary theory. *Phenomenology of the Broken Body* demonstrates how the broken body sheds fresh light on the nuances of embodied experience in ordinary life and ultimately questions phenomenology's preunderstanding of the body.

Bouquets & Broken Hearts Jan 06 2021 Mackenzie Lloyd works at her mom's flower shop whenever she has free time. One day, her brother shows up with a new friend, who is looking for a job... at Kenzie's mother's shop. As Kenzie starts to get to know the new employee, will she end up with a broken heart, or the boy of her dreams?

Broken Melodies Nov 16 2021 From the co-writer of the superhit serial *Balika Vadhu* Niyati is young, curious and full of hopes and dreams. The process of growing up in a dysfunctional household, however, is proving hard. Her life is becoming like a jigsaw puzzle, the pieces of which never seem to come together. Her days are clouded by parental conflict, the hypocrisies of a philandering father, the seething silences of her mother and her own personal uncertainties. The presence of her cheeky neighbour Chandan riles her no end, while the sight of her sister Nisha warms her heart at once. Nisha, ten years her elder, is Niyati's touchstone for everything in life. Until here too a revelation jolts her into finally taking charge of her own life. Set in Delhi of the 1970s and the '80s, *Broken Melodies* is a deeply moving novel about the search for beauty in our lives.

Sounds Wild and Broken Oct 27 2022 An awe-inspiring exploration of the sounds of the living Earth, and the joys and threats of human music, language and noise. 'A symphony, filled with the music of life . . . fascinating, heartbreaking, and beautifully written.' ELIZABETH KOLBERT, author of *The Sixth Extinction* 'Sounds Wild and Broken affirms Haskell as a laureate for the earth, his finely tuned scientific observations made more potent by his deep love for the wild he hopes to save.' NEW YORK TIMES 'Wonderful . . . a reminder that the narrow aural spectrum on which most of us operate, and the ways in which human life is led, blocks out the planet's great, orchestral richness.' GUARDIAN We live on a planet alive with song, music, and speech. David George Haskell explores how these wonders came to be. In rainforests shimmering with insect sounds and swamps pulsing with frog calls we learn about evolution's creative powers. From birds in the Rocky Mountains and on the streets of Paris, we discover how animals learn their songs and adapt to new environments. Below the waves, we hear our kinship to beings as different as snapping shrimp, toadfish, and whales. In the startlingly divergent sonic vibes of the animals of different continents, we experience the legacies of plate tectonics, the deep history of animals and their movements around the world, and the quirks of aesthetic evolution. Starting with the origins of animal song and traversing the whole arc of Earth's history, Haskell illuminates and celebrates the emergence of the varied sounds of our world. In mammoth ivory flutes from Paleolithic caves, violins in modern concert halls, and electronic music in earbuds, we learn that human music and language belong within this story of ecology and evolution. Yet we are also destroyers, now silencing or smothering many of the sounds of the living Earth. Haskell takes us to threatened forests, noise-filled oceans, and loud city streets to show that sonic crises are not mere losses of sensory ornament. Sound is a generative force, and so the erasure of sonic diversity makes the world less creative, less beautiful. *Sounds Wild and Broken* is an invitation to listen, wonder, act. 'Absolutely fascinating.' MARIELLA FROSTRUP, TIMES RADIO 'Enlightening and sobering.' JINI REDDY, METRO

Noise Dec 17 2021 From the Nobel Prize-winning author of *Thinking, Fast and Slow* and the coauthor of *Nudge*, a revolutionary exploration of why people make bad judgments and how to make better ones—"a tour de force" (New York Times). Imagine that two doctors in the same city give different diagnoses to identical patients—or that two judges in the same courthouse give markedly different sentences to people who have committed the same crime. Suppose that different interviewers at the same firm make different decisions about indistinguishable job applicants—or that when a company is handling customer complaints, the resolution depends on who happens to answer the phone. Now imagine that the same doctor, the same judge, the same interviewer, or the same customer service agent makes different decisions depending on whether it is morning or afternoon, or Monday rather than Wednesday. These are examples of noise: variability in judgments that should be identical. In *Noise*, Daniel Kahneman, Olivier Sibony, and Cass R. Sunstein show the detrimental effects of noise in many fields, including medicine, law, economic forecasting, forensic science, bail, child protection, strategy, performance reviews, and personnel selection. Wherever there is judgment, there is noise. Yet, most of the time, individuals and organizations alike are unaware of it. They neglect noise. With a few simple remedies, people can reduce both noise and bias, and so make far better decisions. Packed with original ideas, and offering the same kinds of research-based insights that made *Thinking, Fast and Slow* and *Nudge* groundbreaking New York Times bestsellers, *Noise* explains how and why humans are so susceptible to noise in judgment—and what we can do about it.

The languages of Malta Jul 12 2021 The purpose of this volume is to present a snapshot of the state of the art of research on the languages of the Maltese islands, which include spoken Maltese, Maltese English and Maltese Sign Language. Malta is a tiny, but densely populated country, with over 422,000 inhabitants spread over only 316 square kilometers. It is a bilingual country, with Maltese and English enjoying the status of official languages. Maltese is a descendant of Arabic, but due to the history of the island, it has borrowed extensively from Sicilian, Italian and English. Furthermore, local dialects still coexist alongside the official standard language. The status of English as a second language dates back to British colonial rule, and just as in other former British colonies, a characteristic Maltese variety of English has developed. To these languages must be added Maltese Sign Language, which is the language of the Maltese Deaf community. This was recently recognised as Malta's third official language by an act of Parliament in 2016. While a volume such as the present one can hardly do justice to all aspects of a diverse and complex linguistic situation, even in a small community like that of Malta, our aim in editing this book was to shed light on the main strands of research

being undertaken in the Maltese linguistic context. Six of the contributions in this book focus on Maltese and explore a broad range of topics including: historical changes in the Maltese sound system; syllabification strategies; the interaction of prosody and gesture; the constraints regulating /t/-insertion; the productivity of derivational suffixes; and raising phenomena. The study of Maltese English, especially with the purpose of establishing the defining characteristics of this variety of English, is a relatively new area of research. Three of the papers in this volume deal with Maltese English, which is explored from the different perspectives of rhythm, the syntax of nominal phrases, and lexical choice. The last contribution discusses the way in which Maltese Sign Language (LSM) has evolved alongside developments in LSM research. In summary, we believe the present volume has the potential to present a unique snapshot of a complex linguistic situation in a geographically restricted area. Given the nature and range of topics proposed, the volume will likely be of interest to researchers in both theoretical and comparative linguistics, as well as those working with experimental and corpus-based methodologies. Our hope is that the studies presented here will also serve to pave the way for further research on the languages of Malta, encouraging researchers to also take new directions, including the exploration of variation and sociolinguistic factors which, while often raised as explanatory constructs in the papers presented here, remain under-researched.

The Broken Plural in Maltese Oct 15 2021

The Sound of Broken Ribs Sep 02 2020 Lei Duncan has it all: the ideal life, the perfect career, a loving husband. What more could someone ask for? It is with this in mind that Lei takes her morning run. Belinda Walsh has lost it all: her home, her husband, her mind. She thought she knew Dan, but one phone call changed all that. Now everything she's known to be true is a lie. It is with this in mind that she goes looking for something-or someone-to destroy. When the lives of two strangers intersect, something will be born of the connection. For one of these two souls, the truth of the world will shift and morph into something powerful and dangerous. A darkness of the mind, a tear in sanity. And something will peek through that darkness, beckoned by the sound of broken ribs.

A Broken Hallelujah: Rock and Roll, Redemption, and the Life of Leonard Cohen Dec 05 2020 This meditation on the life of the Canadian singer-songwriter, musician, poet and novelist discusses his performing career, which began despite his crippling stage fright, to his induction into the Rock and Roll Hall of Fame. 13,000 first printing.

These Broken Stars Jun 30 2020 "One of the most intense, thrilling, and achingly beautiful stories I've ever read."--Marie Lu, New York Times best-selling author of the Legend trilogy The first in the New York Times bestselling author duo Amie Kaufman and Meagan Spooner's sweeping science fiction trilogy, *These Broken Stars* is a timeless love story about hope and survival in the face of unthinkable odds. It's a night like any other on board the *Icarus*. Then, catastrophe strikes: the massive luxury spaceliner is yanked out of hyperspace and plummets into the nearest planet. Lilac LaRoux and Tarver Merendsen are the only survivors. Lilac is the daughter of the richest man in the universe. Tarver comes from nothing, a young war hero who learned long ago that girls like Lilac are more trouble than they're worth. But with only each other to rely on, Lilac and Tarver must work together, making a tortuous journey across the eerie, deserted terrain to seek help. Then, against all odds, Lilac and Tarver find a strange blessing in the tragedy that has thrown them into each other's arms. Everything changes when they uncover the truth behind the chilling whispers that haunt their every step. Lilac and Tarver may find a way off this planet. But they won't be the same people who landed on it.

Perspectives on the Music of Christopher Fox Mar 20 2022 Christopher Fox (1955) has emerged as one of the most fascinating composers of the post-war generation. His spirit of experimentalism pervades an oeuvre in which he has blithely created his own version of a range of contemporary musical practices. In his work many of the major expressions of European cultural activity - Darmstadt, Fluxus, spectralism, postminimalism and more - are assimilated to produce a voice which is uniquely resonant and multifaceted. In this, the first major study of his work, musicologists, composers, thinkers and practitioners scrutinize aspects of Christopher Fox's music, each exploring elements that relate to their own distinct areas of practice, tracing Fox's compositional trajectory and situating it within post-war contemporary European music practice. Above all this book addresses the question: How can one person dip his fingers into so many paint pots and yet retain a coherent compositional vision? The range of Fox's musical concerns make his work of interest to anyone who wants to study the development of so-called new music spanning the latter twentieth century into the twenty first century.

The Songs of Trees Aug 13 2021

Broken Silence Jan 26 2020 In a deathbed confession an old man, Ivan Biermann, breaks a lifetime of silence and tells his granddaughter, Kim Biermann his story. Part One:- 1945 Oberleutenant Ivan Biermann is a navy pilot aboard the German Raider *Well-Reiter* that has been ordered to surrender to New Zealand authorities at Bluff, the closest Allied port after the German surrender in May 1945. Instead it goes into a fiord where its secret cargo is unloaded and buried in a cave. After setting charges to blow up the *Well-Reiter* Korvettenkapitan Schwarz the Nazi political officer aboard forces Ivan to fly him to the North Island in the boat's floatplane. Ivan realises that once they land he will be killed. He puts his aeroplane into violent manoeuvres and his floatplane crashes in the Tararua Ranges. He survives and meets Sally who takes him in as a worker on her farm and he takes the identity as a Dutchman from Dutch East Indies. Later Ivan and Sally marry and keep silent about his true identity. Part Two:- 2012 Kim and her partner Troy set out to find her grandfather's floatplane. International terrorists become involved and Kim's life is in danger. Harry, an old friend of Ivan's helps but he is not who he seems to be. Kim travels to Fiordland to search for the cave. However, her home has been bugged and they arrive to find a North Korean submarine waiting. They also want the secret loot buried there for sixty years.
