*Philipians* Jun 28 2020 Internationally renowned author and Bible teacher Joyce Meyer provides a close study on Philipians, emphasizing the true joy that comes from serving others through Christ. Paul's letter to the people at Philippi serves as a reminder that if we search for joy in possessions, places, or people, we will always come up short. True, lasting joy comes only through faith in Jesus Christ, living in harmony with His followers, and serving others in the name of Christ. The life lived by the Philipians is still attainable today. In her comprehensive approach, Joyce Meyer takes a deep dive into well-known and beloved verses, identifying key truths and incorporating room for personal reflection. Joyce's Philipians provides a key study tool that will help you develop a stronger relationship with God. If you take time to examine His word, you'll see how much He loves you and how much He desires that you live a joyful, content life on earth!

Books That Made Us Aug 19 2019 A cultural history of Australia told through our fiction. Australia's novels lie at the heart of the country. Capturing everyday lives and exceptional dreams, they have held up a mirror to the nation, reflecting the good and the bad. In this companion book to the ABC TV series, Carl Reinecke looks at the history of Australian culture through the books we have read and the stories we have told. Touching on colonial invasion, the bush myth, world wars, mass migration, the recognition of Indigenous sovereignty and the emergence of a modern, global, multicultural nation Carl examines how these pivotal events and persuasive ideas have shaped some of Australia's most influential novels, and how these books, in turn, made us. In a panoramic account of Australian fiction stretching from Marcus Clarke to Melissa Lucashenko, Patrick White to Peter Carey, and Henry Handel Richardson to Michelle de Kretser, this is a new history of key authors and compelling books that have kept us reading and made a difference for over 200 years.

*Frank Lowy* May 28 2020 The brand new second volume of the biography of one of Australia's richest, most active and most influential men, Frank Lowy - an extraordinary story of challenge and achievement. Depending on the day, Frank Lowy is either the richest or the second richest man in Australia. His story - from refugee to multi-billionaire - has become part of Australian folklore. Now in his mid 80s, Frank Lowy is still a juggernaut. Since 2000, when his first biography, the bestselling *Pushing the Limits*, was published, he's kept pushing ahead. Rather than retreating into retirement, Frank Lowy has in fact achieved more in his 'second life' than most do in a lifetime. He has turned Westfield into one of the largest retail property companies in the world, dominating retail in London and Australia. He transformed Australian soccer from an insolvent shambles to a profitable mainstream sport. He created Australia's first foreign policy think tank, the Lowy Institute, which has had an impact on the world stage. When his son faced an incurable eye disease, Lowy responded by establishing an international institute to research the disease. Finally, he completed some long unfinished spiritual business by finding an extraordinary way to 'bury' his father, while commemorating the half a million Hungarian Jews who perished at Auschwitz-Birkenau. Although he continued to drive Westfield to be ever more profitable, personal wealth was not a motivator in Lowy's second life. It was all about intangible enrichment, of himself and of others. Covering his successes and failures, the controversies and the triumphs, *Frank Lowy: A Second Life* gives rare insight into this extraordinary man, his strategies, his pain and his achievements. 'Creative non-fiction at its very best ... Margo has approached [Lowy's life] as would a story-teller. And this approach makes *A Second Life* one of the most enjoyable biographies it's possible to read. This is biography on steroids, as entertaining as a good novel, as informative as an encyclopaedia.' *Jewish News*

*Big Artie* Feb 05 2021 Arthur Beetson was the biggest and best player - and personality - of a football era that most rugby league fans over the age of 35 remember fondly, vividly, with great passion. The son of a member of the Stolen Generation, Arthur was a great forward, who won Tests and Grand Finals, but who was often sent off in crucial games, was once dropped while Australian captain and was even linked to the mysterious death of a team mate in a pub brawl. A popular image was of Beetson with meat pie in hand and his coaches sometimes questioned his work ethic. But as the game became a major television sport he evolved into the face of league. Arthur was the first Aborigine to captain his country in a major sport. Artie remained Australian skipper until 1977, and in 1980, in a famous farewell, inspired Queensland to victory in the inaugural State of Origin match. His legendary clash with Eels colleague Mick Cronin, which emphatically refuted suggestions that clubmates might go easy on each other, is still arguably the most significant of all Origin incidents. Today he is an Australian selector, a father figure at Easts, and a larrikin raconteur with a million yarns. He has witnessed close up all the big stories in rugby league - and many of the funniest - for 37 seasons (and been the pivotal figure in many of them), from an Ashes victory back in 1966 through to the Roosters wins of today. He has come into close contact with many of the game's most important figures, including Jack Gibson, Wayne Bennett, Wally Lewis, Mal Meninga, Peter Sterling, Bob Fulton, Ricky Stuart, Alfie Langer, Brad Fittler - the list, like the honour roll of Big Artie's achievements, goes on and on.

*The Indian Media Business* Apr 07 2021 The third edition of Khandekar's book moves away from the first two in many ways. It has two new chapters—on events and out-of-home media—segments not covered by any business book so far. It has case studies on a host of companies and issues—from The Times Group to the future of newspapers to why the Indian animation business can't take off. The biggest difference however is that it tackles, for the first time, textual issues within various industry segments. There is a portion on ethics and falling standards in Indian media and on private treaties. It tells you why TV broadcasting is going to be trouble for some years to come, why the film industry is destined for bigger things and why telecom operators will have a tough time becoming media barons. This is in addition to the book's basic promise of being an in-depth study of the Indian media business. It provides, as usual, the business history, dynamics, technology, regulation, valuation norms and industry trends in print, television, film, radio, music, internet, telecom, out-of-home media and events. This book is a must read for media professionals and for anyone planning to invest in the Indian media and entertainment business.
